

HEALTH AND SAFETY POLICY

(the “Policy”)

1. Our Responsibility to Provide Safe and Healthy Working Environment

PT. Finnantara Intiga (hereinafter referred as the “Company”) recognizes the importance of conducting the business in a manner that ensures the health and safety of its workers, visitors (business partners including suppliers, guests and others) and complies with relevant legislation, codes of practice and other requirements. We ensure that appropriate arrangements are in place to comply with all duties and enable the pursuit of continuous improvement in its operations and Occupational Health and Safety Management Systems (OHSMS).

Our Operations, Suppliers and Partners

We commit to provide a safe and healthy working condition for the prevention of work-related injuries and diseases to all workers and visitors. We also commit to the prevention or reduction of property loss. To achieve these goals, all workers including their representatives are consulted, all business partners including suppliers are socialized.

2. Our Approach

The Company implements reasonably practicable steps to ensure the health and safety of the workers and visitors:

- 2.1 We comply with laws and regulations and other requirements related to Occupational Health and Safety (OHS).
- 2.2 We implement the Occupational Safety and Health Management System (SMK3 Indonesia), the International Standard ISO 45001 and the International Labour Organization (ILO) Convention as a commitment to Occupational Safety and Health (OHS).
- 2.3 We identify hazards, risks and opportunities for work accidents or work-related diseases by implementing appropriate actions to minimize risks, avoid opportunities for work accidents or work-related diseases and eliminate hazards.
- 2.4 We actively provide consultation and build participation of workers and their representatives regarding Occupational Health and Safety (OHS) in our operational activities.
- 2.5 We provide instructions, information, trainings and supervision to enable workers to carry out their task safely and effectively.
- 2.6 We involve all workers and their representatives in emergency response simulations.

- 2.7 We provide effective welfare programs, which includes but not limited to substance abuse prevention program (e.g. alcohol, drugs, etc.) and HIV AIDS, Tuberculosis (TB) prevention program. Health examinations in the form of HIV AIDS, TB tests are not required for worker selection or promotion purposes.
- 2.8 We provide safe and healthy working conditions and support the development of safe behavior and prevent unsafe behavior.
- 2.9 We conduct formal process and management system to enable Company to meet all its legal obligations.
- 2.10 We conduct process to set annual objectives and targets against which its performance is evaluated, monitored and reported regularly, and make continuous improvements.

The Company has implemented Occupational Health and Safety Management (SMK3 Indonesia) and the ISO 45001 International Standard to demonstrate our commitment to the health and safety continuously.

3. Governance

- 3.1 This Policy applies to the Company's operations and business partners including suppliers.
- 3.2 The rules applied across the Company's operations are derived from the provisions in this Policy.
- 3.3 This Policy will be reviewed on a regular basis for relevance and its effectiveness to achieve business objectives. To ensure the implementation of this Policy, we conduct regular monitoring and evaluation of its progress.
- 3.4 Forest Sustainability, Health, Safety and Environment (FS HSE) Function is appointed to coordinate the day-to-day implementation of Company's occupational health and safety in line with this Policy. The Company¹ regularly reviews the progress on the implementation this Policy.
- 3.5 We report the progress on the implementation of this Policy to our stakeholders in a variety of ways.

This Policy is to further elaborate the Company's commitment on providing safe and healthy working environment as stated in the Company's Sustainability Commitment.
